YOUTH	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
		9:00 AM ROMP 'N' STOMP JANE			9 AM ROMP 'N' STOMP	
<b>BODYPUMP™</b> A rapid fat-burning class that uses barbells for the fastest way to tone and condition muscles! After an exhaustive study, BODYPUMP was verified by The University of Auckland as providing the fastest body fat loss of any fitness class. Please attend a technique class before attending a BODYPUMP class.		<b>LES MILLS™ VIRTUAL Workouts available all day, every day!</b>  Feel totally unleashed with this martial-arts-inspired workout. Includes a variety of disciplines such as Karate, Boxing, Tae Kwon Do, Tai Chi and Muay Thai. Strike, punch and kick your way to superior cardio fitness!  Simple, seriously hot dance moves, perfect for anyone looking to shape up and let out their inner star - even if dance isn't their natural thing. Set to chart-topping hits, familiar classics and Latin beats.  CXWORX Based on cutting-edge scientific research, the ultimate way to get a strong and toned core. Focuses on training muscles in the same way they are used.  		<b>Yoga/Stretch</b> Simple yoga poses designed for all fitness levels.		 <b>YELLOW LIGHT:</b> Look for this symbol outside the group fitness studios OR color on the schedule to see if any classes are at risk of being dropped or are being changed to a different timeslot.
<b>Body Sculpting</b> Exercise bands, hand weights and body weight exercises are incorporated into this full-body workout.				<b>Yoga</b> Led by instructors trained in YogaFit, a non-purist form of Yoga designed for the fitness industry. Combines ancient Hatha Yoga with modern fitness movements and safety guidelines.		
<b>ZUMBA</b> Dance your worries away with this "feel happy", Latin-inspired dance workout for all fitness levels.				<b>Yoga Plus</b> Upbeat yoga with core emphasis and relaxation.		
<b>Strength/Stretch</b> This gentle 30-minute class focuses on increasing strength, flexibility and range of motion. Suitable for all fitness levels.				<b>Restorative Yoga</b> Props and long hold times are used to open the body in a more passive way.
